

Danielle Matuch
Senior Project Designer/Manager

Experience

Ms. Matuch has 14 years of experience working on projects of varied size and complexity. She has managed projects from conceptual design through close out. Her portfolio includes commercial, corporate interiors, government, higher education, industrial, and master planning.

Now assisting in various corporate interiors in NJ and NY, Danielle's diverse experience in design, construction, project management, and her interpersonal skills are an important asset to the corporate design team at Posen.
