

Joe Crystal, LEED AP
Architectural Associate

Experience

Throughout his 15-year career in architecture, Mr. Crystal has participated in a wide variety of new construction, addition, renovation, and alteration projects for healthcare, educational and institutional clients.

Joe is involved in all phases of projects, from planning and feasibility studies through construction and close-out, ensuring that the client's and architect's goals are realized. Joe has an advanced level of expertise in Revit and has quickly established himself as a leader in coordinating the firm's hardware and software technologies.
