

Christina Casey, NCIDQ #29919
Senior Interior Designer

Experience

Ms. Casey has more than 10 years of interior design experience and a deep knowledge of healthcare design. Her experience includes all medical environments, including acute, sub-acute, long-term care, behavioral health, and inpatient settings.

Christina is a seasoned designer and project manager committed to design's role in the healing process. Ms. Casey works in Revit, manages all facets of healthcare project development, from preliminary design through construction administration, and is well-versed in healthcare code compliance.
